

Right of Cancellation

Cancellation Policy for Consumers

Consumers have the right to cancel this contract within fourteen days without providing any reason.

The cancellation period is fourteen days from the day on which you or a third party designated by you, who is not the carrier, took possession of the last item.

To exercise your right of cancellation, you must inform us (**Maximiliano Coloma – Marketing- und Indikatorenentwicklung, Isselbruch 1, 46499 Hamminkeln, Email: info@support@powerscantrading.com**) by means of a clear statement (e.g., by post or email) about your decision to revoke this contract. You may use the attached sample cancellation form, though it is not mandatory.

To meet the cancellation deadline, it is sufficient that you send the notification regarding the exercise of your right of cancellation before the cancellation period expires.

Consequences of Cancellation

If you cancel this contract, we will reimburse all payments received from you, including delivery costs (except for additional costs resulting from choosing a type of delivery other than the least expensive standard delivery offered by us), without undue delay and at the latest within fourteen days from the day we receive your cancellation notice.

For this repayment, we will use the same payment method that you used for the original transaction, unless explicitly agreed otherwise. Under no circumstances will you be charged any fees for this reimbursement. We may withhold the refund until we have received the returned goods or until you have provided proof that you have sent back the goods, whichever occurs first.

You must return or hand over the goods to us without undue delay and in any event no later than fourteen days from the day you notify us of the contract cancellation. The deadline is met if you dispatch the goods before the fourteen-day period expires.

You will bear the direct costs of returning the goods. You are only responsible for any diminished value of the goods if this loss in value results from handling them in a manner not necessary for testing their condition, properties, and functionality.
